300 Yard Records Fall at St. Louis Hunter

The May 17th Hunter match of the St. Louis Benchrest Rifle Club brought out 24 shooters willing to challenge the threatening weather at the 100/300 yd. distance. At 100 yd. the increasing clouds and heavy sky with shifting winds made the shooters earn their scores and tightly depressed over TFL’s count. Jim Baker’s 220-15X won him a 100 yd. trophy. During the 300 yd. stage the wind died down, the sky remained overcast and a light rain began to fall, and the “Big Boys” went to work on the 300 yd. NBRSA world record. Five shooters hit 300 yd. groups that were scored better than the present record score of 240-3X, but the 240-4X shot by Benjamin Hall of Park Hill Ron Hoehn was the best. In the Grand NBRSA a third place at 100 yd. of 230-10X and a first at 300 yd. of 240-4X earned Ron Hoehn the well deserved victory with a 409-14X. (His five this up)

**New 300 Yard Record**

Faye Boyer of Keezletown, Va. fired a .2357 300 yard aggregate in Heavy Varmint to set the new record. The record was shot on March 17, 1991 at the Charlotte Rifle & Pistol Club of Charlotte, N.C.

Faye used a 6PPC HV 'smithed by Hollister and stocked by husband, Tony. Her rifle used a Stolle action and a Shilen barrel. The load was listed as 28.0 grains of T32 with Euber 69 grain bullets.

The new record erases the old mark of .2431 set by Jeff Sumners in 1984.

(1) Unlimited Grand Aggregate @ 100/200 Yards – 5-5 shot – Small Group – .1903”

Shot by Don Nielson – October 15, 1988 at the Visalia Invitational Benchrest Match held at the Dale Wimp Rifle Range, Visalia, CA

Action: Kelbly Polar

Don Nielson lowered the 5 shot Unlimited Grand aggregate by firing a .1903 at the same Visalia Invitational as Fletcher Williams. Don did his own chamber work on the 6 PPC Unlimited gun. He uses a Stolle Polar action and a Hart barrel. He also uses Wirthlin bullets (68 grains), and Federal 205M primers. His load was 30.5 grains of G1 322.
